

## Driver Education

Nichols Driver Education course combines the benefits of practical driving skills and defensive driving techniques for the safe and responsible operation of a motor vehicle.

Successful completion of this course will qualify the student for DMV certification (formerly Blue Card) and insurance reduction certificate. (Please check with your insurance company to ensure this fulfills their requirements for a premium reduction.)

The program consists of 24 hours of in-vehicle instruction, including six hours behind the wheel and an additional 24 hours of classroom instruction.

Students must attend all scheduled classes in order to meet the State Education Department requirements for successful completion. We have made arrangements for two make-up classes. Any student missing more than two classes will NOT be eligible for successful completion. NO EXCEPTIONS.

Students must turn 16 years of age by July 6, 2009, and hold a valid learner's permit or driver's license to participate.

This course runs July 6 through August 14. There are two sessions available. Group A meets Monday, Wednesday and alternating Fridays. Group B meets Tuesday, Thursday and alternating Fridays.

All students will receive 90 minutes of "in-car" and 90 minutes of classroom (three hours total) instruction daily. The program is available from 7:00 – 10:00 a.m. or 8:30 – 11:30 a.m. Registration requests will be honored as they are received.

Questions regarding course curriculum may be directed to the Buffalo Driving School at 834-4300.

Cost: \$440.00 - Please make check payable to "Nichols School"
